THE MED GREEN GROWTH COMMUNICATION KIT

December 2020
Introduction

The Green Growth Community (GGC) Communication Kit is meant to help project partners and Community members to convey common and consistent messages and visual identity across all communication channels.

In this document we collect:

• Community logo with branding guidelines as defined by the Joint Secretariat of the Interreg MED Programme
• Project description for publication in project partners’ websites
• Green Growth Community Communication Channels:
  - Social Media
  - Newsletter
  - Websites: Capitalisation Platform & Repository
• GG Community Communication Materials:
  - Presentation template
  - Letterhead
  - Brochure
  - Outputs
  - Infographics
  - Modular Project Factsheets
• Social Media Pack - Twitter
• Stories from the Green Growth Community
• Events
• In the Press
• Contact

1. Community logo and branding guidelines

Please refer to the Visual Identity guidelines for correct use of logo, fonts, primary colour codes and other graphic elements.

2. Project description

We suggest a golden paragraph to describe the Green Growth Community. This text can be used freely by the partners, modular projects partners and other media representatives to describe the Green Growth Community:

Within the framework of the Interreg MED Programme, Green Growth is a thematic community promoting green and circular economy in the Mediterranean by enhancing cross-sectoral innovation practices through an integrated and territorially-based cooperation approach.

The community consists of 14 projects connecting 165 partners from 13 countries in the Mediterranean, with a total budget of around €30M. These projects tackle topics from food systems, eco-innovation, smart cities to waste management.

The community supports projects in their communication and capitalisation efforts, thus increasing their impact at the policy level and ensuring their potential transfer and replication of results to other territories.

The Union for the Mediterranean labelled the Green Growth Community in October 2019, thereby acknowledging its potential to advance cooperation in the transition to a green, circular and inclusive economy and to deliver concrete benefits to the citizens of the Mediterranean region.
3. Communication and Dissemination Channels

Social Media

Follow the Green Growth Community on our growing **Twitter**, **Facebook**, **LinkedIn** and **Youtube** channels.

Newsletter

Our biannual newsletter offers updates on our progress in promoting circular economy and green growth in the Mediterranean. Explore the Green Growth Community’s newsletter and sign up for future news. Sign up for the Green growth newsletter [here](#).
- April 2020
- October 2020

4. Green Growth Community Communication Materials

- PowerPoint presentation
- Template Letterhead
- Brochure
- Infographics
- Outputs
- Modular Projects Factsheets

5. Social Media Pack

You can find a set of prepared posts with its corresponding shareable in Trello, a user-friendly campaigns platform. In order to give an overview of the Green Growth Community’s structure, its four focus areas, its key outputs, and useful hashtags and handles. View and share our campaigns [here](#).

6. Stories from the Green Growth Community

Discover synthesised content from the best sources and the most reliable experts on the topics of **Circular Economy** and **Green Economy** in the Mediterranean at the Green Growth news & stories page and help us to get the word out there! Discover all news [here](#).
